ABSTRACT

This directory replaces the 1975 West Virginia Library Association listing of special libraries. It is divided into four sections: (1) alphabetical listing of libraries; (2) geographic listing by city or town; (3) alphabetical listing of librarians; and (4) keyword subject index. Entries provide information gathered from a statewide survey of librarians, including library name, address, telephone, subject matter of collection, bound volumes, subscriptions, services, and restrictions. Entries not updated for 1976 are noted. (KP)

* Documents acquired by ERIC include many informal unpublished *
* materials not available from other sources. ERIC makes every effort *
* to obtain the best copy available. Nevertheless, items of marginal *
* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *
* responsible for the quality of the original document. Reproductions *
* supplied by EDRS are the best that can be made from the original. *

INTRODUCTION

This directory replaces one published by the Special Libraries Section, West Virginia Library Association, in 1975. Libraries which were listed in the 1975 directory but did not update their listing for 1976 are indicated by an asterisk.

The directory is composed of four sections:

I - Alphabetical listing of libraries
II - Geographical listing of libraries
III - Alphabetical listing of librarians
IV - Key word/subject index.

This is our first attempt at a subject index. While we hope it will be helpful even in this stage, all suggestions for improvement will be appreciated.

Also, it would be appreciated if you would let me know of any errors that appear in your listing.

I'd like to thank every librarian who cooperated by completing the questionnaire.
